A Note of Explanation

In response to requests from our subscribers, the format of this year's index to Book Reviews of the Month has been changed. Unlike previous annual indexes the 1976 index includes a comprehensive listing of every appearance of a book's reviews recorded in the monthly issues of BRM during the year. Books which have been indexed in previous years are annotated with references concerning the month and year of thier prior listing(s).

With this change our subscribers have the benefits of currency with the monthly issues and comprehensiveness and compactness with the annual index.

In effect, the index is on its way to becoming a fully cumulative annual issue with all advantages attendant with such a work. Further changes toward this end are anticipated in the 1977 index.

Your comments and/or criticisms are welcome in regard to these changes.

Back issues of Book Reviews of the Month are now available on microfilm from University Microfilms, 300 N. Zeeb Rd., Ann Arbor, Michigan 48106.
